

Mobile Network Testing European Seminar Tour

INVITATION

18th January 2023

Hook, UK

ROHDE & SCHWARZ

Make ideas real

Join Rohde & Schwarz for an educational seminar looking at the key factors involved in maximizing the network quality and performance.

The sessions are based on real results, hands-on experience and years of technological expertise on topics such as private 5G networks, tackling interference, network benchmarking and more.

Our leading in-house industry experts will share their insights about some of the latest developments in mobile network testing. Lunch and refreshments will be provided, and you'll have networking opportunities throughout the day.

AGENDA

08:30-09:00 - Welcome and registration

09:00-10:00 - Ensuring high performance of 5G networks

- Learnings from various deployments
- Critical, commercial, and private campus networks

10:00-10:45 - Break and refreshments

10:45-12:30 - Deep insights form benchmarking data

- Network performance
- KPI measures
- Trends and tools
- Benchmarking in mobile networks (public)
- Comparison between RAN and O-RAN

12:30-13:30 - Lunch

13:30-14:45 - Boosting network quality with Network Performance Score approach

- Network Analysis Services

14:45-15:15 - Break and refreshments

15:15-16:30 - Safer roads by verifying critical C-V2X infrastructure and communication

- Automotive Applications
- CV2X and PC5
- Interference Hunting - teaser (dedicated workshop)

16:30-17:00 - Wrap up and Q&A

Your Rohde & Schwarz team

18th January 2024

08:30 - 17:00

Highfield Park
Church Lane
Hook
