Make ideas real

MOBILE NETWORK TESTING SEMINAR TOUR EUROPE

Take this opportunity to meet our experts in person during the MNT seminar tour. Gain exclusive insights and learn how to systematically improve network quality and performance of public and private 5G networks.

The sessions are based on real results from the customer projects in the field of network engineering, tackling interference, troubleshooting and optimization, benchmarking. These results can direct you to identify the interferers in the shortest duration and optimize your network in an efficient way.

Our leading in-house industry experts will share their insights about some of the latest developments in mobile network testing.

Date: January 30, 2024

Time: 09:30 – 16:30

Location: Kista Science Tower, Färögatan 33, Stockholm / Kista, Sweden
