

"We make the world a safer place."

We verify **eCall and ERA-GLONASS technology** and help save lives.

Current situation

25,700 road traffic deaths in 2014 in Europe

57% of all accidents take place in rural areas

European objectives for traffic fatalities:

2001 54,900
2020 <16,000

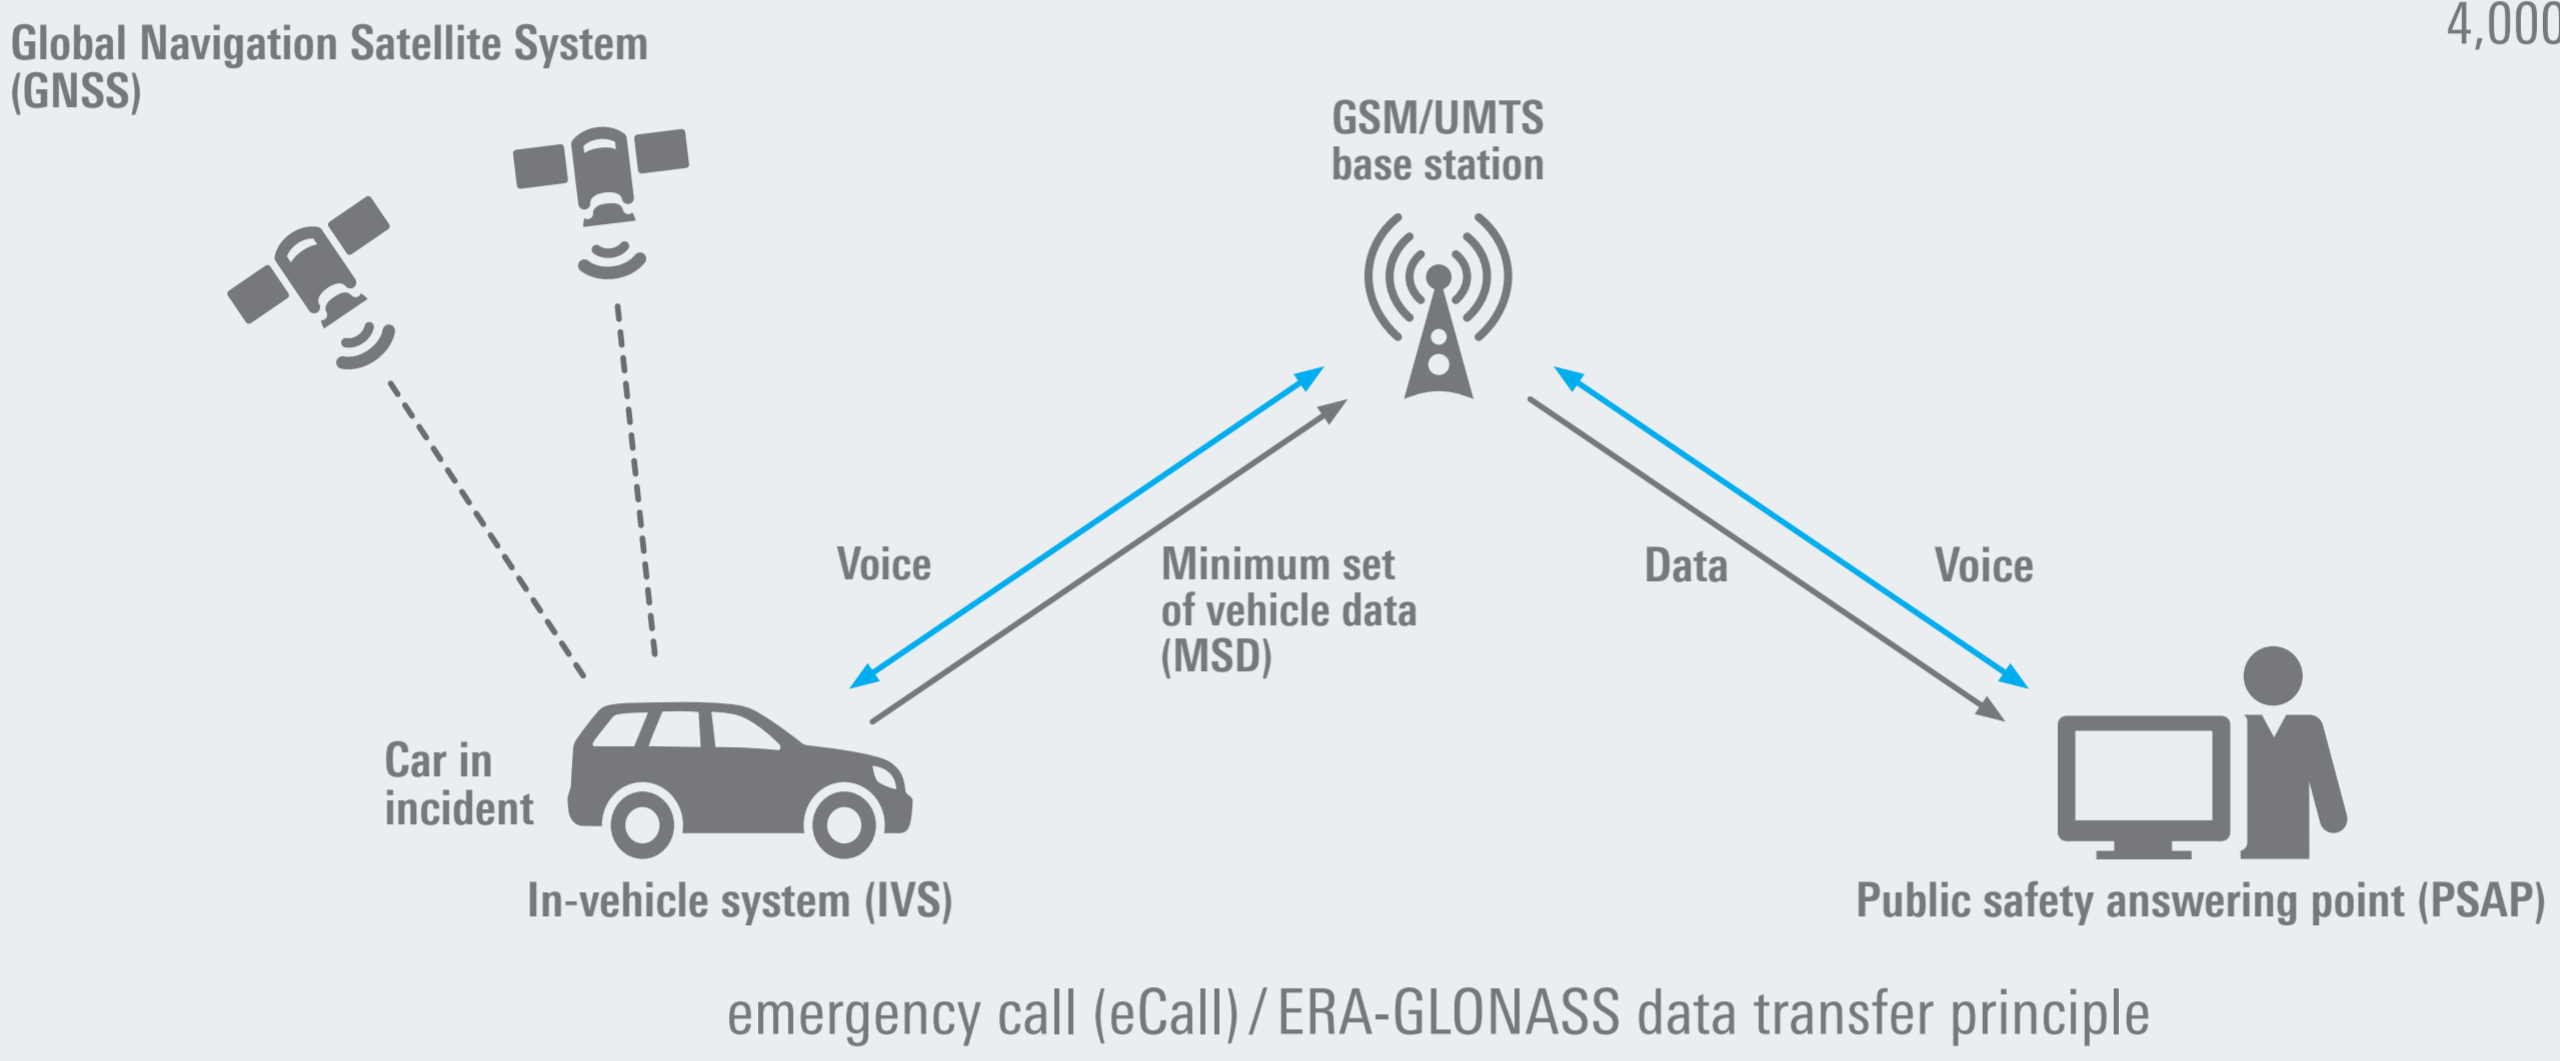

10% lives saved in 2016 with eCall solutions

EU
eCall Mandatory by March 31, 2018

RUS
ERA-GLONASS mandated since January 1, 2015

460,000 cars equipped with ERA-GLONASS solutions

+30% faster accident response, saving 4,000 lives every year
